Week Ending July 21, 2017 (Week 9)

West Nile virus Transmission Risk Level* by Region

http://www.kdheks.gov/epi/arboviral_disease.htm

Our Mission: To protect and improve the health and environment of all Kansans.

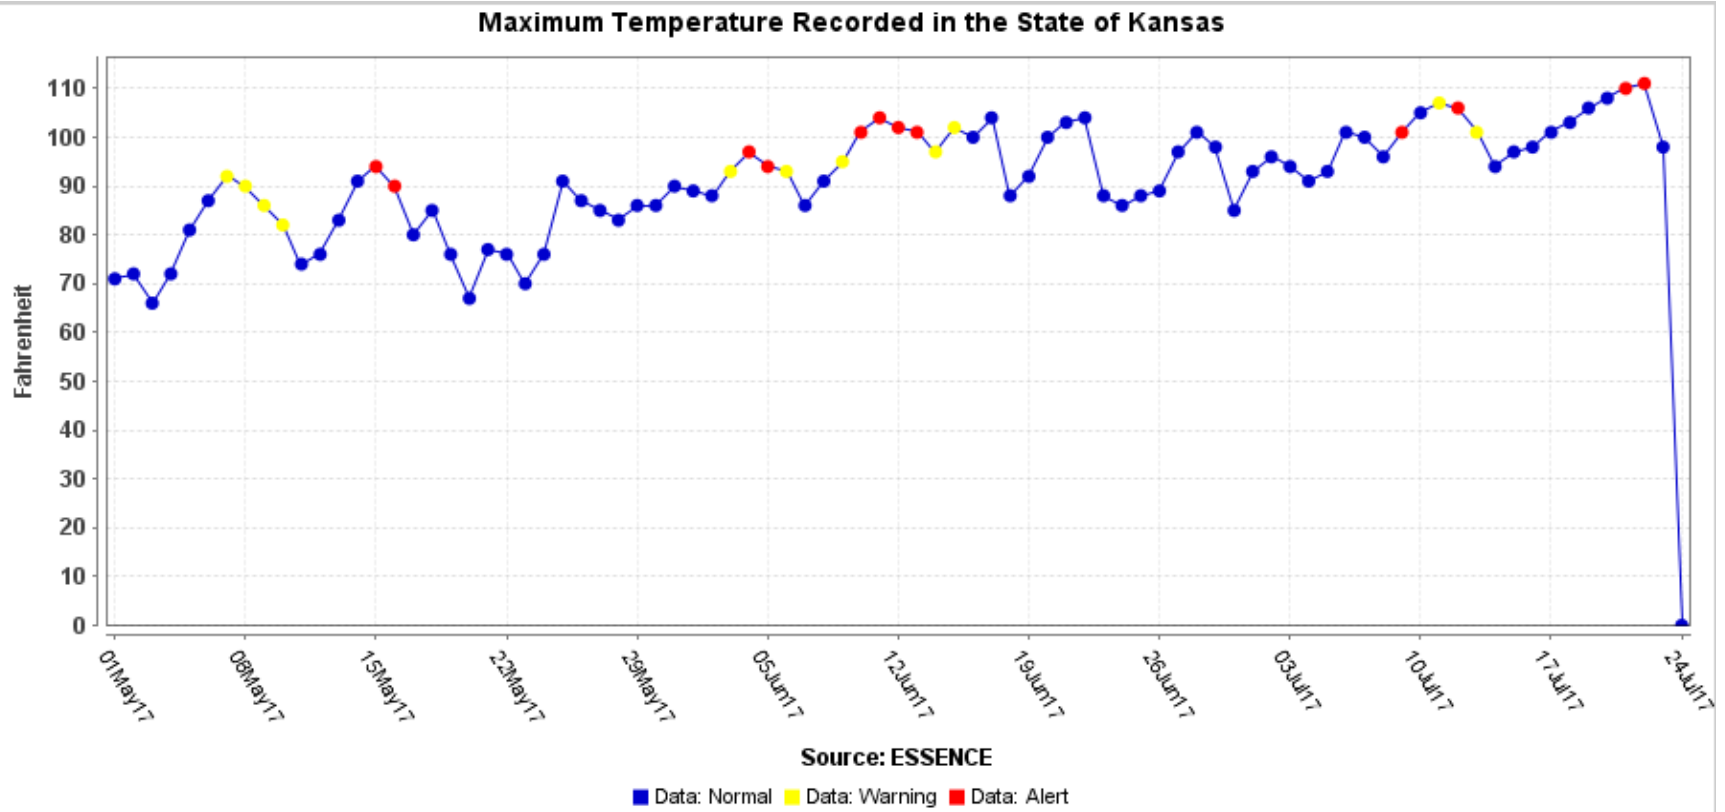

Measles Update as of July 24, 2017

- KDHE has identified two cases of measles
 - Index case in an unvaccinated person with international travel in Europe (Butler CO resident)
 - Second case had exposure to the first case (Sedgwick CO resident)

Update on Blood Lead Surveillance

- We have a new training available through KS-TRAIN (course # 1071191) for local health departments conducting investigations of elevated blood lead children and adults.
- Statewide Blood Surveillance Report is ready for publication

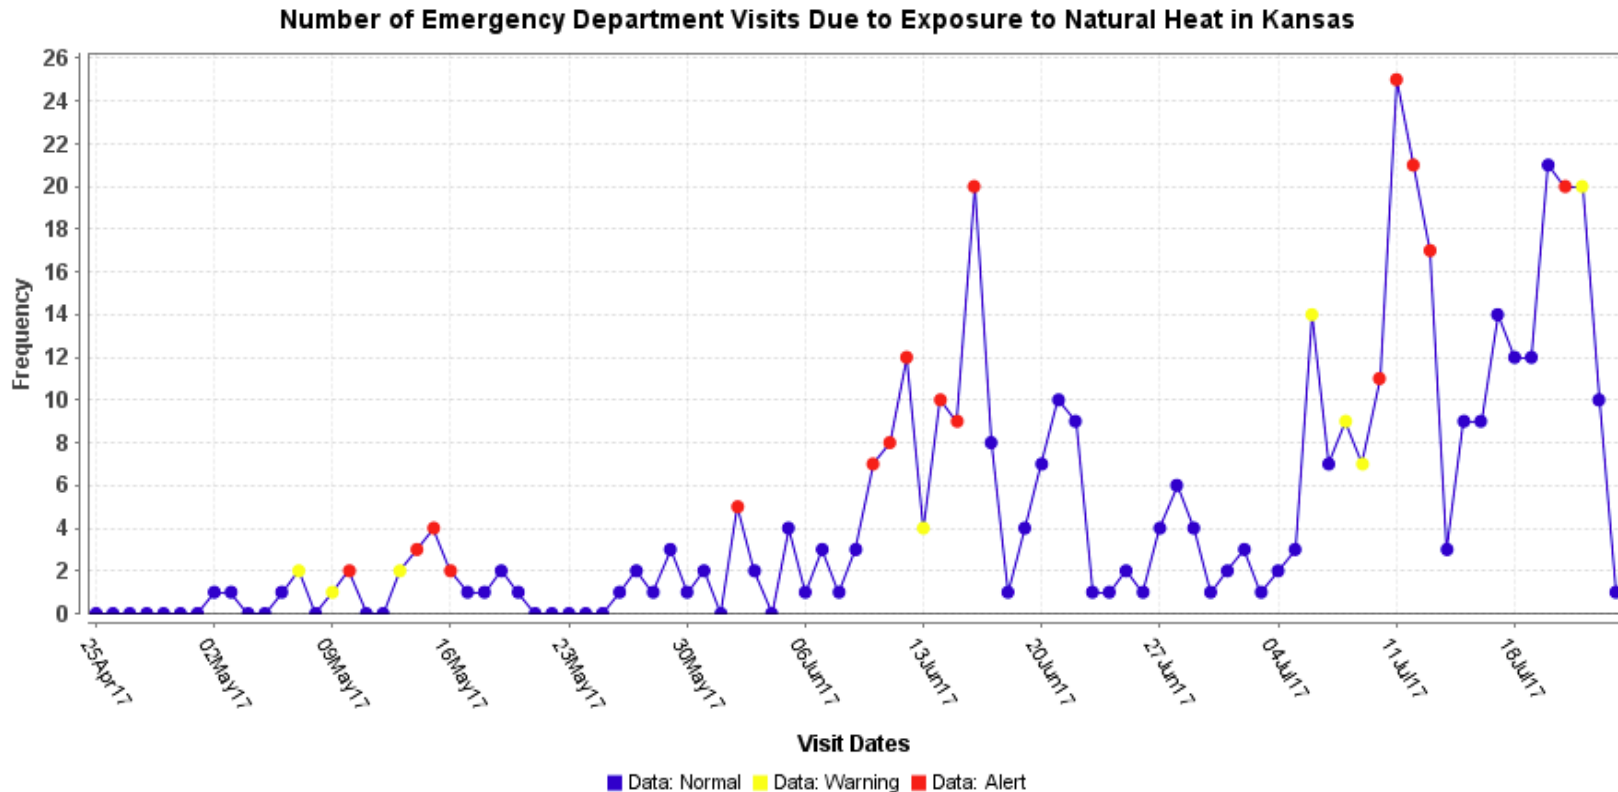

Update on Extreme Heat Surveillance

Our Mission: To protect and improve the health and environment of all Kansans.

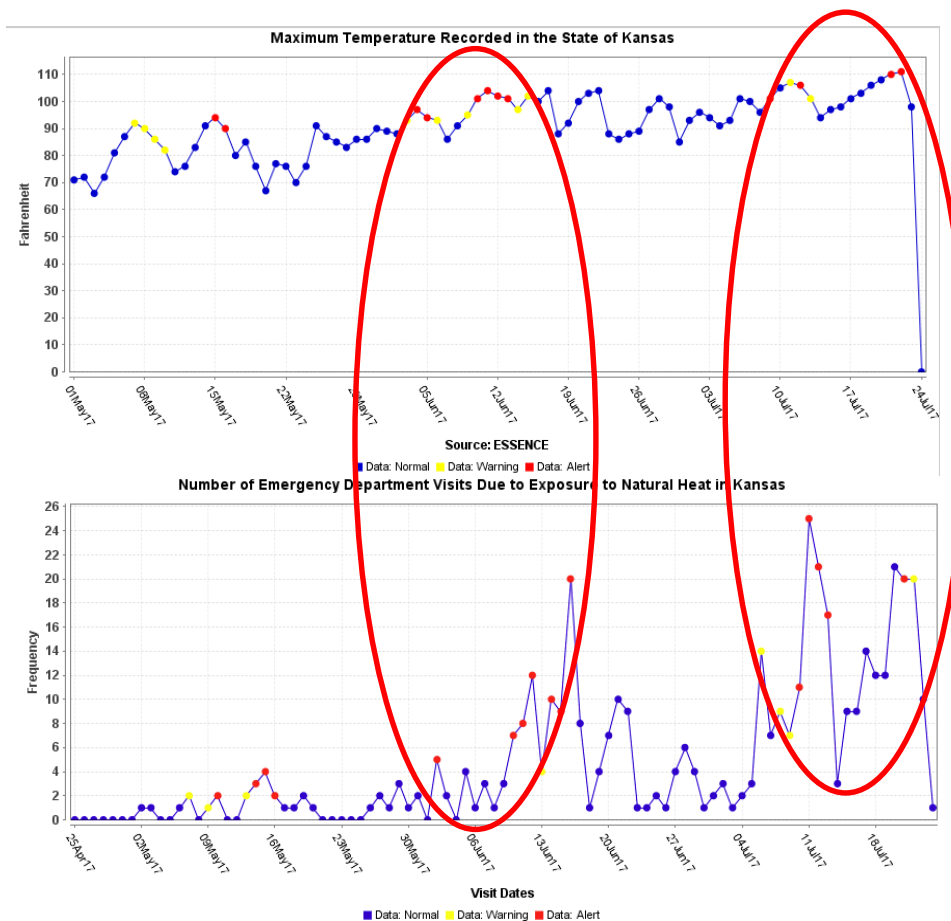

Update on Extreme Heat Surveillance

Our Mission: To protect and improve the health and environment of all Kansans.

Update on Extreme Heat Surveillance

Our Mission: To protect and improve the health and environment of all Kansans.

Update on Extreme Heat Surveillance

- Exposure to excessive outdoor temperatures can cause serious illness, injuries, or death
- In the past 6 years an average of 10 people died each year following exposure to excessive heat
- Those deaths and illnesses are highly preventable
- A group of stakeholder published 3 years ago the Kansas Extreme Heat Toolkit to help communities reduce the impact of extreme heat event on the population

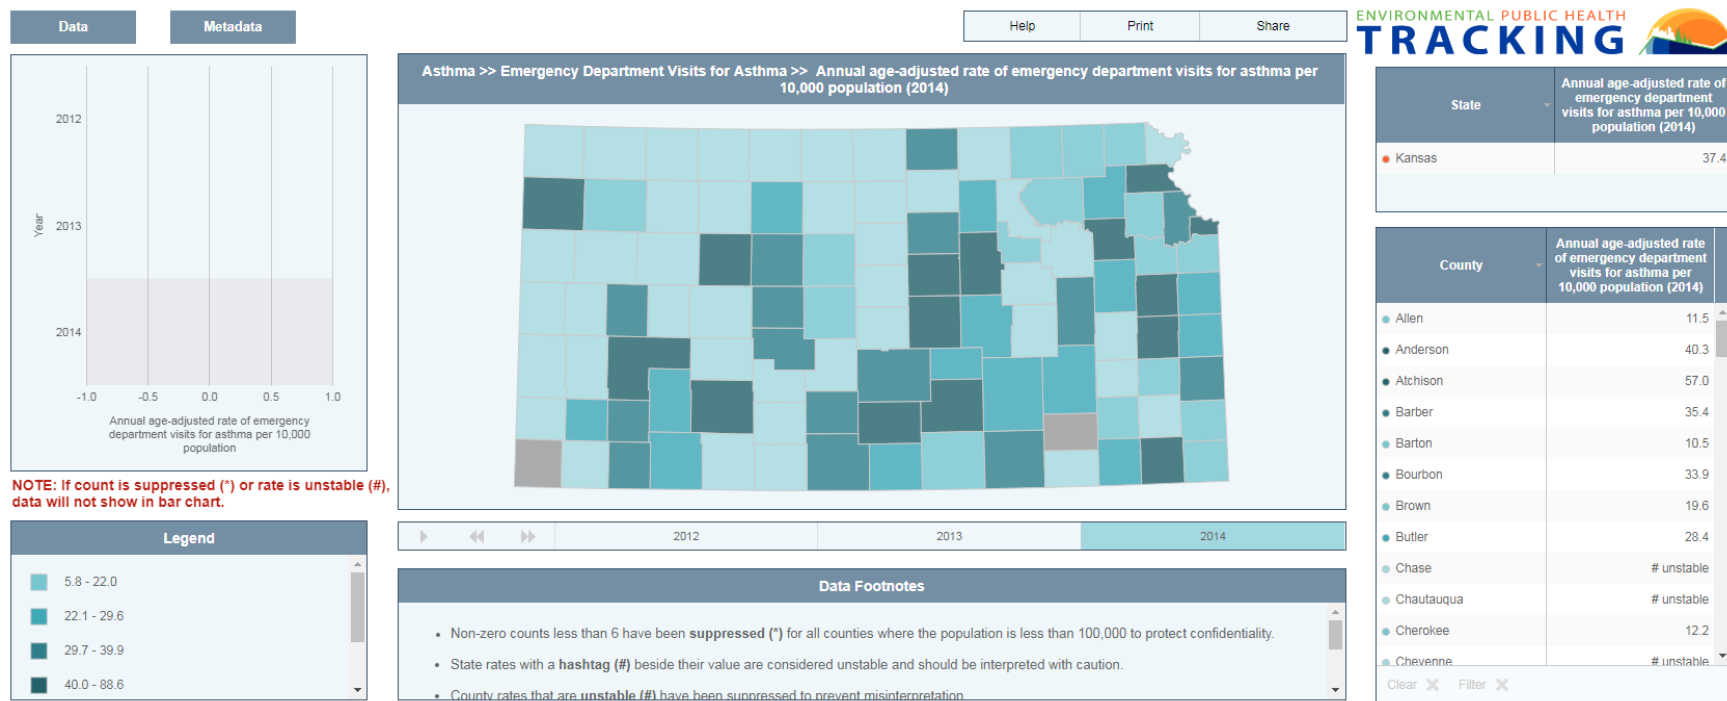

Our Mission: To protect and improve the health and environment of all Kansans.

Kansas Extreme Heat Toolkit

- Contents
 - General information about heat illnesses
 - Information about National Weather Service public advisories
 - Information about at-risk population and risk factors
 - Tools to prepare communities for Extreme Heat Events including:
 - Information on how to create a response plan
 - Information on how to implement a response plan
 - Samples of press releases
 - Information on how to protect student athletes during training
- The tool is free
 - Download at:
